SUMMARY

Creative and solution-oriented software developer, with over 3 years of hands-on experience across mobile app development, web development, and system integration. Passionate about building effective, user-centered solutions, I thrive in collaborative environments and I am driven by a commitment to continuous learning and innovation. I am currently expanding my technical skill set with C# development, positioning myself to excel in back-end and full-stack projects. My ultimate goal is to contribute to innovative tech solutions that make a tangible impact on people's lives.
